Jago Blamey

Adam Doumbia

Delano Campbell

Evita Kaine

Sidney Emovon

Zoe Anane-Aboagye

Lucy Burns

Mahila Doumbia-Tiacoh

This Week's Winners!

### INFANTS

**Class 4 - 100%**

### JUNIORS

**Class 14 - 100%**

## Year 2 Maths

In class we have been baking cakes. We needed to shop for all the ingredients and find out how much money we would need, some of us worked out how much change we would get. Then we had to measure, weigh and pour our ingredients following a recipe. We looked at the temperature on the oven and timed our bake. The best bit was eating the delicious cup cakes!

Pupils in year 5 have been attending 'maths challenge classes' at St Thomas the Apostle College. This weekly brainteaser session encourages the pupils to think critically and problem solve with challenges which are usually accessed by year 7 students. Our children love the challenge and enjoy sharing what they have learnt with their class.

# Talented Mathematicians

### Diary Dates:

Friday 10th February -

**School breaks for half term**

\*\*\*\*\*

Monday 20th February -

**School Re-opens for the Spring Term 2**

Celebrating God's Love  
on St. Valentine's Day

- Saint of the Week -

## Saint Valentine

Feast Day 14th February

St. Valentine was a priest in the Catholic Church. He lived in Rome, Italy. At this time, an emperor, who many called Claudius the Cruel because he liked entering into wars, decided to ban people from getting married! Legend

says that Valentine didn't agree with this new rule and secretly performed marriage ceremonies for couples in love. Sadly, when Claudius the Cruel discovered this, Valentine was thrown into jail and sentenced to death. On February 14, 278 AD, Valentine was beheaded. His death marks the date for Valentine's Day. Litzzy, Class 13

The Morning Exercise Circuit, otherwise known as the 'Sensory Motor Circuit' is a short 15-20 minute session aimed at energising and settling children into the school day. It is highly recommended by Occupational Therapists and is based on theories of sensory processing and sensory

integration. Currently 8/10 students from Years 5 & 6 participate in the circuit, which involves a range of exercises, including; climbing, balancing, skipping, running and ends with a calm down session where children empty their minds and think about the great things they will achieve that day. If you have any questions, please talk to Mr Pinat.

## Year 6...

group of Year 6 students travelled to Sainsbury's to buy healthy snacks within their budget of £2.50. The children explored and found out about the shops in the local community, used maths strategies they were taught in the classroom and then used these skills in a real setting. This direct experience enriches their learning and widens their perception of the world. As well as being a fun way to learn!

...just popped  
down the shops!

**Southwark Music Service**  
**Saturday Music School (WAX)**  
At  
Walworth Academy  
Shorncliffe Road, London, SE1 5UJ

Music tuition available in  
Strings  
Brass  
Woodwind  
Percussion

Pupils from Reception to Year 5 enjoyed a musical story assembly. The musician played her violin and the emotions felt by the characters in the story were

played out by the instrument happy, sad and angry were some of the emotions the children picked up on.

## Years R-5 Music Assembly

### HALF TERM HOMEWORK

Years 2-6 don't forget to hand in your story after half term.

**REMEMBER** it can be no longer than 500 words!
