SUMMER TERM - Issue 35: Friday 30th June 2023

THE WEEKLY JOURNAL OF ST. FRANCESCA CABRINI PRIMARY SCHOOL, HONOR OAK, LONDON

A prayer to Sts. Peter and Paul

O holy Apostles,
Peter and Paul, intercede for us.
Protect, O Lord, your people who trust in the
patronage of your Apostles, Peter and Paul;
through Christ our Lord.
Amen.

buried in the Papal Basilica of St. Paul Outside the Walls.
Peter is buried in the Vatican Basilica in Rome.

Feast of SS Peter & Paul Apostles

29th June 2023

Yesterday we learnt about and celebrated the lives of these two important saints. Saint Peter and Saint Paul were two men who taught people about Jesus, the stories he told people and the miracles he performed. They both converted to Christianity. Both St. Peter and St. Paul helped to establish the Christian Church. The Catholic church think of Peter as being the very first Pope. Paul is said to have been one of the main reasons why so many people became Christians when it first began. Paul is now

Sam says, "Be at school, be on time!"

Outstanding Attendance this week goes to...

INDIGO CLASS - 100% CONGRATULATIONS!

Important Update

**Summer Term closes for pupils on -
WEDNESDAY 19th JULY @1.30pm**

Change of Date

A Weekly Gift to you and your family from your Catholic School

THE Wednesday
WORD

SHARING SUNDAY'S GOSPEL
WITH PARENTS & FAMILIES

"Jesus leads us to
go out from
ourselves more and
more, to give
ourselves and to
serve others."

Pope Francis

SELFLESS

★ YEAR 6 ★ Bowling & Acardé

EYFS-Teddy Bear's Picnic

If you went down into the garden on Wednesday you would have been in for a BIG SURPRISE! There were lots of bears having a picnic and playing games. All the children in Early Years had a fantastic time playing games with their teddies.

Year 1 and 2 visit to One Tree Hill

On our 'Science Nature Walk' we observed a range of wild plants and flowers growing in the local environment. We also saw some Deciduous and Evergreen trees, including a range of leaves of different shapes and sizes.

What Parents & Carers Need to Know about

AMINO

AGE RESTRICTION
12+

WHAT ARE THE RISKS?

MODERATION GAPS

Amino has a 12+ classification in the App Store and a 'Teen' rating on Google Play. However, certain communities on the platform have little to no moderation in place – increasing the potential for more adult-themed content to reach young users. It's also possible to create an account without proof of age, raising the possibility of even younger children finding their way onto the platform.

UNSAFE CONTENT

The central concept behind Amino is for users to share content, then make and receive comments on these uploads. The level of anonymity that the platform offers (someone's true identity can be completely obscured behind their username, for instance) means that it would be extremely difficult to stop suggestive or outright predatory comments and messages being sent to young people.

INAPPROPRIATE IMAGES

Like most social media, Amino offers easy sharing of images. Its community guidelines state that any suggestive photos of under-18s will be removed immediately, but of course this doesn't prevent inappropriate pictures being seen by a young person. Not all of Amino's communities are rigorously moderated, so there's a chance that some unsuitable images could temporarily evade detection.

Amino is a social media platform offering a large group of subcommunities under one digital 'roof'; it was envisaged as the online version of a convention, where fans gather to celebrate a shared interest like comic books or sci-fi, for example. While many such platforms are harmless spaces for devotees of a certain TV show or video game to congregate, there are still some aspects that trusted adults should be aware of. With a focus on sharing user-generated content, the idea of Amino is for users to communicate with like-minded individuals – but even that can create plenty of hazards.

MUSIC

MEMBERSHIP COSTS

Amino+ is a premium membership for the platform, offering a bevy of customisation options such as stickers, 'moods' to display and an exclusive profile badge. Users can also purchase one-off cosmetic items including different styles of chat bubble or profile frames. If your child has payment methods available via their device, they could potentially make these in-app purchases without you realising.

REPEATED USAGE

As a social media app, Amino is focused on keeping its communities engaged and coming back for more. Part of this approach is encouraging people to build up 'streaks', as users are awarded 'reputation points' for logging in regularly. This type of mechanism, of course, always carries the risk of young people feeling a compulsion to repeatedly check in with the app, further increasing their screen time.

COMICS & COSPLAY

Advice for Parents & Carers

TALK ABOUT IT

If your child is old enough and chooses to download and use Amino, it's probably wise to remind them of some online safety basics – such as how not everyone in the digital world is who they claim to be, for example, or not to give out personal information online. It might also be a good idea to go into the app's settings and disable incoming chat requests from users that your child doesn't know.

STAY UPDATED

Ensure that your child knows to report any upsetting or worrying online content they might see to you. As much as possible, try to stay aware of which communities they're joining on Amino. Most of these areas are well moderated and full of innocent conversation about common interests, but on any platform of this breadth, there's always the potential for chats to veer off into potentially harmful places.

MEMBERSHIP MEDIATION

If your child asks for an Amino+ membership but you're not entirely comfortable with that, be prepared to explain your decision in depth. Young people's sense of injustice can naturally become inflamed when their friends have things that they don't. Parents of older teens, meanwhile, might actually decide to agree to the membership request but continue to monitor their child's activity on the app.

MONITOR SCREEN TIME

If you haven't already, you might want to consider setting up controls such as Family Sharing (on iOS devices) or Family Link (on Android) so, from your own device, you can keep an eye on how much screen time your child is having – and what apps they're spending it on. This can be extremely useful with regard to platforms such as Amino, which can be quite addictive and reward repeated use.

Meet Our Expert

Lloyd Coombes is Editor in Chief of gaming and esports site GGRecon and has worked in the gaming media for around four years. A regular visitor to the App Store to try out new tools, he's also a parent who understands the value of online safety. Writing mainly about tech and fitness, his articles have been published on influential sites including IGN and TechRadar.
